Hello students!

We have two opportunities for our LMU students. LMUCLA is looking for executive board members. Applications are due by May 15th (by midnight). Contact Cecilia with any questions at cramir36@lion.lmu.edu. Follow the link to the application: https://docs.google.com/forms/d/1TXYC0_ebd7kTTK1NUCceiOsPVZutQI3WeWWWEkmHXT4/viewform?c=0&w=1

Additionally, Social Justice Learning Institute, a non-profit based in Inglewood is looking to hire undergrads and graduate students to tutor their 9-12th high school students, particularly in the areas of math, science, and history. The commitment is July 2015 through June 2016 with up to 10 hours per week at $15 an hour. Please contact Molly Katz at mkatz@sjli@org (with the subject line: Academic Support Tutor Position) or 323.952.7363 for more information.

Find us at the Library, Pereira 100 and North Hall!

*Proceeds will go to LMU MAPS conference funds*

Questions? Email lmumaps.president@gmail.com
Come join us at Keck Medical School of USC for our **Spring Mentorship Day** on **May 6, 2016** from **4:00 to 6:30 pm** for a night of information and fun!

Looking to apply to medical school, but not quite sure where to start? You know you need good grades, but what kinds of extra-curriculars do you need? Or maybe, you just need to know how to polish off your primary and get some interview tips?

No matter where you are in your education, there are dozens of questions that go along with medical school applications. Come get them answered!

**You will have the opportunity to hear from members of the admissions committee, from faculty interviewers, and from our medical students. This will be a great time to network and to have your questions answered!**

Additionally, we will be learning about the many ways that Keck physicians have been able to give back to the community, as well as how we can personally help them achieve those goals!

Food and water provided, so come learn about the community, get your questions answered, and meet some great people! We can accommodate only the first **100 students** to reply, so get your RSVP's in early!

**Who:** LMSA of Keck Medical School of USC

**What:** Interactions with members of the admissions committee, faculty interviewers, and medical students

**Where:** Mayer Auditorium, 1975 Zonal Ave, Los Angeles, CA 90033

**When:** May 6, 2016 from 4:00 to 6:30 pm

**RSVP:** [http://goo.gl/forms/ZssutYDGsN](http://goo.gl/forms/ZssutYDGsN)
FREE

14th Annual Dental Explorers Program 2016
YOU WANT [TO BE A DENTIST.]

WE’LL BUILD YOUR FUTURE.

Midwestern University College of Dental Medicine-Arizona presents: American Student Dental Association Clinical Simulation Course
June 24–25 or July 8–9, 2016

Are you a college student interested in dentistry?
Our program has been designed with you in mind! Join us for an intensive two-day training to begin laying your foundation of dental knowledge. Your experiences will provide you with a glimpse into the life of a dental student at Midwestern University.

Midwestern University
Tomorrow’s Healthcare Team

Valuable first-hand experience will include:
• Seminars on preparing for dental school, dental techniques and other topics
• Aligning impressions
• Pouring and trimming stone models
• Cavity preparations with electric hand piece
• Using state of the art CAD-CAM technology
• Waxing proper tooth anatomy
• Placing a composite restoration

Register now online at:
www.midwestern.edu/asda-simulation-course
Must be 18 years of age by June 24th to apply.
Cost of attendance: $150

Eligible for 3 hours undergraduate credit (BIOL 3134) through University of Colorado Denver
POST BACC

KGI
KECK GRADUATE INSTITUTE

Transition from undergrad to graduate school through the KGI/LMU articulation agreement. This pathway includes the benefits below for admission into our two-year Master of Bioscience (MBS) degree program, aimed at educating technically savvy professionals for the bioscience industry.

Benefits include:

- No standardized test required
- Only 1 letter of recommendation
- Early fellowship and scholarship consideration
- Expedited application with no fee

KGI is the only American graduate institution devoted solely to bioscience education and discovery, enriching society with breakthrough approaches to research in the life sciences. Our graduates secure exciting careers in the biotech industry!

Contact KGI Admissions for more information:
admissions@kgi.edu (909) 607-8590
The Institute of Human Nutrition and wanted to let you know that we are currently accepting applications for Fall 2016; our program is an excellent option for students seeking a gap/glide year, or to enhance their health professions training with a masters degree in Nutrition Science.

The 12-month masters of nutrition science program prepares students for one of several possible further directions in which advanced training may be pursued. Many MS graduates go on to train in a laboratory discipline pertinent to nutrition, enter medical or dental school, or work a public health field in which knowledge of nutrition figures significantly.

You can view a video of the presentation, given by MS Program Director Sharon Akabas, PhD, here: https://www.youtube.com/watch?v=nSAPbytkWyM

For more information, visit our website at http://www.cumc.columbia.edu/ihn/prospectivestudents.

The application for Fall 2016 can be accessed here: https://app.applyyourself.com/AYApplicantLogin/fl_ApplicantLogin.asp?id=col-ihn. Applications are reviewed on a rolling basis.

If you or any students have questions or would like further information, don’t hesitate to contact our Education Coordinator Kendall Singleton, at kas2244@cumc.columbia.edu or (212) 342-3804.

The **5-Month Immersion Program** targets U.S. and Canadian students pursuing health care professions (e.g. medicine, nursing, dentistry, psychology, physical therapy, health promotion, or other health-related fields). Due to the time commitment of the program, students typically participate in their gap year following the completion of their undergraduate degrees and before entering into a graduate
program. However, Somos Hermanos does accept individuals who are currently enrolled in, or have recently completed a health-related graduate program.

The program entails a mix of one-on-one language instruction, community volunteering, cultural activities and lectures, and a visit to both El Salvador and Mexico.

The five-month sessions run from January to June (spring session) and from July to December (fall session). Applications for both 5-month sessions are due in October every year (visit the Five-Month Immersion Program application section for more details)

**PHARMACY**

For any students who may be interested in applying for Pharmacy school, the KGI PharmD program will consider additional applications for fall 2016 on a space available basis. To apply, applicants should create a PharmCAS account and contact pharmacy.admissions@kgi.edu or 909.607.9145 to request a deadline extension.
